

The Anna Louise Inn has my Support!

I support the mission of the Anna Louise Inn, which has provided safe and affordable housing for women for 102 years in its current location. I appreciate that women in Cincinnati have an option for permanent supportive housing in a location that is within walking distance of downtown Cincinnati and Northern Kentucky and that is close to a bus line. The Anna Louise Inn is a good neighbor and contributes to the economic vitality of its neighborhood and the city. And, the renovation will create jobs.

Successful center city economic development is about using the best models where market rate and affordable housing co-exist. The Lytle Park District has that. The Phelps Apartments, Park Place, many other market rate condominiums and apartments and the Anna Louise Inn have lived in harmony for years.

The Anna Louise Inn should remain where it is and continue its mission of providing safe and affordable housing for single women which was identified as a top priority in the City's Homeless to Homes Plan. I believe the renovation of the Anna Louise Inn is good for our city, good for the Lytle Park district, and the community as a whole.
